### **NOTICE TO ALL RECIPIENTS OF Supplemental Nutrition Assistance Program (SNAP) and/or Temporary Assistance Cash Benefits (TA) with Medicaid (MA)**

**March 24, 2020**

As a result of the COVID-19 pandemic, the New York State Office of Temporary and Disability Assistance (OTDA) is automatically extending certain TA/MA/SNAP and SNAP only recertifications scheduled to expire in March, April and May for a period of three (3) months

The COVID-19 pandemic prevented some households from submitting recertification forms in a timely manner.

For the certification periods ending 3/31/20, 4/30/20 and 5/31/20, a three (3) month extension of SNAP or TA/MA/SNAP benefits has been approved for cases throughout the State.

March Recertifications: Only cases whose certification periods were scheduled to end in March 2020 and were NOT processed for recertification have been extended. If your recertification was processed and the district determined your case to be no longer eligible for SNAP or TA/MA/SNAP benefits due to excess income, failure to provide required documentation or another reason, your household was not eligible for an extension.
